WHY YOU NEED SUPPLEMENTS

From the Desk of Erin Alejandrino, Executive Director of Supplementation, FBBC Approved / TruLean

Imagine for a moment dramatically improving your weight-loss results, energy levels, daily well-being, and even your moods, simply by ADDING all-natural, organic supplements to your routine.

For too long, you've been told that proper diet and nutrition means taking things away, and that the only way to improve your health is to change what you eat. Make no mistake, at FBBC Approved/TruLean, we believe in a healthy diet based on whole foods.

The surprising truth, however, is that most people who struggle with their weight are eating too LITTLE food, not too much. As you'll discover with the Fit Body Transformation Challenge, you will most likely eat more total food than you ever have before.

In a similar way, you will discover that ADDING these pure, clean, great-tasting supplements to your routine will unlock a level of fat loss, energy, confidence, and beauty unlike anything you've ever experienced before. To me, that's the best part of supplementation - you get to add good things to your life instead of depriving yourself.

So, get excited! You're going to fall in love with these supplements because of their delicious flavors and the amazing benefits they bring to your weight-loss journey. Soon, they'll become second nature to you, and with consistent results, you'll wonder why everyone isn't taking these supplements!

HOW THIS GUIDE WORKS

This guide explains the ingredients, their benefits, and the best timing to support your physical transformation.

Starting with the Fat Loss Essentials, these three are a MUST for anyone hoping to burn the maximum amount of fat in the shortest amount of time. Like everything in our FBBC Approved/TruLean supplement line, these supplements are designed to support any fitness level.

Next up is Everyday Fit, the world's first vitamin-enhanced super water that tastes like juice, counts toward your daily hydration, and even surpasses water by boosting your metabolism, controlling your appetite, killing unhealthy cravings, and improving your mood and focus.

Last, but not least, are the Fat Loss Enhancers. These three are the "secret weapons" for everyone who's determined to get the best results from this challenge. Like everything in our FBBC Approved/TruLean supplement line, these supplements are designed to support any fitness level. Once you read up on them and decide they are right for you, you absolutely should order your first set and start using them right away!

Finally, this guide includes our most popular Recipes and Life Hacks to help you create variety and stay consistent with your supplementation.

Most importantly, HAVE FUN! Everything here is designed to support the beautiful, healthy new YOU who is just waiting to emerge through this challenge! Take pride in your brave decision and let's GO!

FISH OIL (RESET)

Improve your body, brain, and heart by taking a daily dose of Omega-3 fatty acids found in Fish Oil. These acids have been shown to prevent heart disease and aid in cognitive functions.

INGREDIENT

Omega-3 Fatty Acids (EPA and DHA)

BENEFITS*

Assists in the prevention of heart disease

Supports brain function

Controls cholesterol

Supports muscle activity

Supports cell growth

Fights inflammation

Supports joint function and repair

Supports a restful night's sleep

*When used with a sensible diet and exercise program to maximize results.

Timing: Right after dinner. For best results, make sure dinner is high in other healthy fats. The body absorbs Fish Oil three times faster when ingested with another fat.

So, why don't you just eat more fish and call it a day?

Well, most of our fish is often poorly farmed or raised. That means it contains a lot of heavy metals like mercury, which can build up in the body over time and lead to serious health issues. That also means most commercially available fish does not contain enough EPA and DHA to provide the full benefits listed above.

FISH OIL (RESET)

Still, fish are an excellent protein source and you absolutely should eat them in moderation. To keep those heavy metals under control, stick to low-mercury fish like tilapia, shrimp, light tuna, salmon, pollock, and catfish. Also, make sure you avoid high-mercury fish like shark, swordfish, king mackerel, or tilefish.

Our custom blend of Fish Oil and krill oil has ZERO mercury, is third-party tested, and uses only the purest oils to deliver you the maximum benefits of this superfood. Though we do recommend taking it with other fats for best absorption, our Fish Oil is so pure you can safely take it on an empty stomach (unlike other brands).

Best of all, the heart support, increased brain function, cholesterol control, joint repair, and anti-inflammatory powers of this supplement are the perfect way to Reset your mind and body in the evening with a restful night's sleep.

MULTIVITAMIN (RESTORE)

Get ALL your body's most needed vitamins and minerals with our easy-to-swallow and fast absorbing Multivitamin. This daily dose contains 100% of the recommended intake you need to promote a lean figure, increase your energy, and bring a healthy glow to your skin and nails.

INGREDIENT Vitamin D	BENEFITS* Supports bone health Supports immune system
Antioxidants	Fights the effects of aging Supports immune system
Complete Vitamin B Family Includes B1, Riboflavin (B2), Niacin (B3), B6, Biotin (B7), and B12	Speeds up metabolism Fights the effects of aging Supports brain and nervous system Helps support healthy hormones and mood Helps support healthy hair, skin, and nails
Vitamin C	Supports immune system Fights the effects of aging
Vitamin K	Supports healthy aging
Vitamins A and E	Helps support healthy hair, skin, and nails

Timing: Anytime. For best results, take on a full stomach. Take with breakfast to power up your whole day!

Holy smokes! Just look at all the benefits packed into this one little capsule! How is this possible?

Well, quite a lot of these benefits come from wheatgrass, which includes 103 different vitamins and nutrients that support weight loss, speed up the metabolism, fight the effects of aging, and even combat cravings for unhealthy foods.

Best of all, we use vegetarian capsules that digest easily for maximum bioavailability. That means each capsule will Restore your body by providing the most potent nutritional foundation every day!

FAT LOSS Enhancers

BRANCHED CHAIN AMINO ACIDS (BCAAs)

The perfect way to refuel your body during a workout, BCAAs are a MUST if you find yourself hitting a plateau in your results. BCAAs are the building blocks of lean muscle, and because your body doesn't produce BCAAs on its own, you can only get them through your diet.

INGREDIENT	BENEFITS*
L-Leucine	Helps maintain muscle mass
L-Isoleucine	Helps muscle endurance Repairs and rebuilds muscle
L-Valine	Increases endurance Relieves stress Increases muscle recovery
L-Carnitine L-Tartrate	Aids in muscle soreness and recovery Absorbs rapidly into your body
	*When used with a sensible diet and exercise program to maximize results.

Timing: Pre or post workout. The best time to take your Branched Chain Amino Acids is around 20-30 minutes before or after working out.

BCAAs will help support your muscles, aid in recovery and growth, and fight fatigue! In fact, studies show that females who took BCAAs before performing squats showed less symptoms of muscle fatigue after training, and were 80% stronger 3 days into training than the placebo group not receiving BCAAs!

POWDERED GREENS

BCAAs

Raspberry Lemon Tart Jell-O

Ingredients

1 scoop Raspberry Lemon Tart BCAAs 1 pack (11 grams) plain gelatin (Knox brand) 2 1/2 cups water 1/2 cup fresh raspberries

Instructions

In a big bowl, mix the scoop of BCAAs and a pack of plain, old-fashioned powdered gelatin. Meanwhile, get a pint glass (2 1/2 cups) and fill it up with water. Heat water up. You don't have to boil it, just make sure it's hot enough to dissolve the gelatin (and cool enough for you to stick a finger in there without screaming out in agony). Pour the water into the bowl. Stir. Stir. Once dissolved, add fresh raspberries (or save for a garnish). Stick the mixture in your fridge and leave it overnight to set. ENJOY!

PRE-WORKOUT

Pre-Workout Gummies

Ingredients

1 scoop of Pre-Workout (stimulant or non-stimulant)
2-3 envelopes of unflavored gelatin (Knox brand)
1 packet of stevia sweetener (optional)
1/2 cup of very cold water
1-2 drops of natural food coloring (optional)
Gummy mold, eyedropper

Instructions

Take a bowl and mix the powdered products. Next, put the cold water in a medium to large bowl and slowly mix in the powdered ingredients. Microwave for 1 minute to 1 minute and 15 seconds. It will bubble, froth, and rise. Now, take the eyedropper and fill each mold to the top with gelatin. Put the molds in the freezer for about ten minutes to set. Pop gummies out of the molds and store in the fridge in a bag or container. Enjoy about 45 minutes before boot camp.

LIFE HACKS

Pack your shaker everywhere you go, and include a zip-lock baggy with a serving of Protein Powder if needed. This will keep you on track when in need of a snack, and help you avoid going for those crackers or sugar-filled energy bars.

Get creative! If you are feeling tired of your meal prep, get creative with recipes. Our supplement line can be used for popsicles, Jell-O, and even no-bake bars or cookies!

Mix and match. That's right - our supplements not only taste delicious on their own, they can be combined for a delicious nutrient packed treat! Our favorite is a Vanilla Protein Shake with a green twist. All you need is a scoop of Vanilla Protein, Powdered Greens, an apple, and some almond milk. Voila!

When you're on the go, add a scoop of Protein Powder to quick oats or chia pudding for a filling, nutrient packed breakfast!

Think it, Speak it, Live it. Share your recipes and meals with a friend or nutrition buddy to stay accountable. Our FBBC Global Group is the perfect place to find and share recipes, and get inspiring tips to stay on track.
